

Sunshine Coast Regional District

WATER SERVICE SHUTOFF NOTICE

Please be advised that your water service will be shut off on:

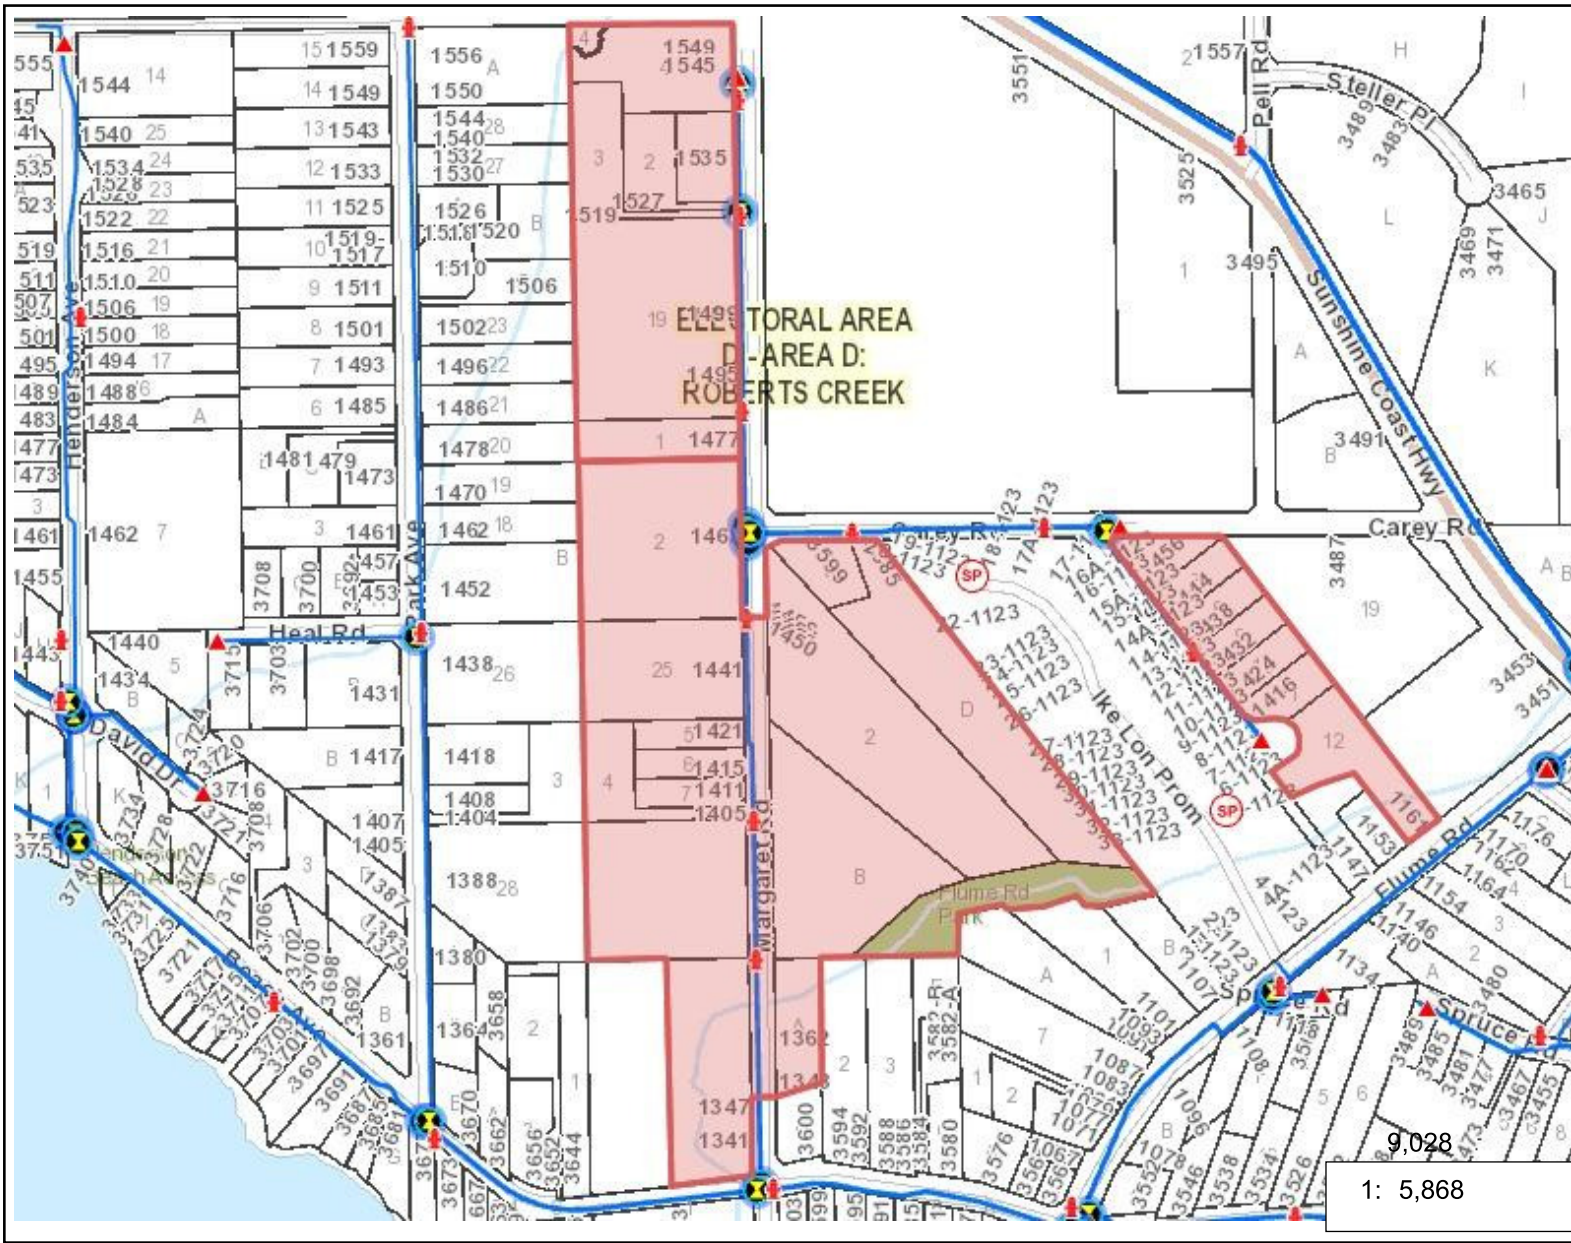

**Monday September 23, 2024 and Wednesday
September 25, 2024 from 8:00 a.m. until
approximately 4:00p.m.**

This water service interruption is necessary to complete work on the water main in your area.

You should take such measures as may be necessary to protect your hot water unit or other plumbing installations against possible damage. Ensuring you have a check valve on your water line, closing your private water shut off or flipping the electrical breaker to your hot water tank are ways to protect your hot water appliance. The Regional District accepts no liability for damage resulting from interrupted service.

Thank you for your co-operation.

Dan Hemstalk
Utilities Coordinator
SCRD Office
