ACCESSIBILITY PLAN FRAMEWORK

The Corporate Officer provided a brief overview of the legislation requiring the creation of the Accessibility Plan and explained that copies of Accessibility Plans from other municipalities had been shared with the Committee for reference. Staff provided an overview of potential timelines for creation of the framework, public engagement and the resources required for the development of a Plan.

The Committee discussed the following topics:

- Process for identifying barriers and opportunities in the most efficient means possible.

- Options for the scope of the Accessibility Plan.
- The possibility of funding to hire a consultant to assist with creation of the Accessibility Plan.

Recommendation No. 4

Moved/Seconded

That staff representatives apply for grant funding to support Sunshine Coast Accessibility Advisory Committee initiatives including, but not limited to, hiring a consultant to create the Accessibility Plan and projects that reduce or eliminate accessibility barriers on the Sunshine Coast.

CARRIED**STUDENT REPRESENTATIVE**

Councillor Croal explained that the student representative appointed to the Sunshine Coast Accessibility Advisory Committee had graduated and that a new student had been appointed to the Town of Gibsons Council in their place. The Councillor informed the Committee that:

- The student representatives have proven valuable on the Town of Gibsons Council to be able to highlight the needs of youth and children on a variety of topics.
- The student representative in Gibsons communicates with leadership groups from other schools in Sechelt, Pender Harbour and Powell River to help ensure they are aware of student perspectives across the upper and lower Sunshine Coast.
- A motion to appoint the Town of Gibsons student representative each year to the SCRAAC would allow the appointment to automatically transfer to the new grade 11 or 12 student that had been appointed by the Town of Gibsons, without the need to have the District of Sechelt Council, Town of Gibsons Council and SCRD Board to each pass a resolution to appoint a new student each year.

Recommendation No. 5

Moved/Seconded

That the Town of Gibsons student representative be appointed to the Sunshine Coast Regional Accessibility Advisory Committee each year.

CARRIED**Recommendation No. 6**

Moved/Seconded

That a letter be sent to School District 46 to inquire about the implementation of their accessibility plan and to inquire about opportunities for collaboration; and

That the letter be approved by the Chair before it is sent.

The Committee discussed options for a vision statement.

Committee members will send additional accessibility barriers and opportunities for improvement to legislative@scrd.ca, where staff will consolidate all of the Committee suggestions into a list for review the next meeting.
