

Sunshine Coast Regional District **NOTICE OF INTENT TO CONTRACT**

No. 2535006

Issue Date: June 25, 2025

The Sunshine Coast Regional District (Regional District) is hereby giving notice of its intent to direct award to Salish Environmental Inc. with a contract for the provision of curbside food waste processing services.

The following responsibilities will be within scope of contract:

The contractor will accept and process the following types of organic material:

1. Food waste (residential; collected through SCRD curbside program)

The total value of the contract will not exceed \$290,000. This contract will cover the period from September 1, 2025 to December 31, 2027.

The Regional District has chosen not to tender this contract for the following reasons:

1. Sustainable Waste Management: It enables the diversion of biodegradable waste from landfills, reducing methane emissions and contributing to regional environmental goals.
2. Regional Demand: As the sole facility of its kind in this area, it is uniquely positioned to handle organic waste generated by residential, commercial, and municipal sectors.
3. Capacity and Specialization: The site is equipped with specialized infrastructure to process organic material in a safe, efficient, and environmentally responsible manner, minimizing transportation emissions by serving the immediate geographic area.

Vendors wishing to object to this decision should contact the procurement services email submissions@scrd.ca **on or before 3:00 p.m. local time on July 4, 2025 presenting specific reasons for their objections.** Vendor ability to offer the same level of service at a lower cost in the same time frame will be the key criteria with regard to the consideration of vendor objections.
