

SUNSHINE COAST REGIONAL DISTRICT

Question and Answers # 1

Request for Proposal No. 2521601

Halfmoon Bay Fire Command Truck RFQ

Date: August 1st, 2025

Item No.1

Question: Can you confirm what weight carrying capacity you would like?

Answer: We are requesting for ½ ton weight carrying capacity.

Item No.2

Question: Under Drivers Compartment, do you require an aftermarket aluminum center console to replace the center portion of the front bench seat (or the OEM center console)?

The proponent noted that this will give room to mount the 2x radios, siren, and Arges controller.

If an aftermarket aluminum center console is required, does the console require the following:

- 2x dual USB chargers w/protective lids
- 1x internal front dual cupholder
- 1x external rear dual cupholder
- 1x 13" locking storage compartments
- 2x adjustable armrests

Answer: Proponents should provide separate pricing for any aftermarket requirements; please see our response to the requirements listed above.

- Yes.
- Yes.
- Yes
- Yes
- Not required.

Item No.3

Question: Under Drivers Compartment, the XL trim level (vinyl seats) does not offer a CD player option. Can this requirement be removed, or is an after-market CD stereo required?

Answer: Yes, this requirement can be ignored if a vinyl seat package does not offer a CD player option.

Item No.4

Question: Under Drivers Compartment, are stock 17" painted steel wheels acceptable, or do you require aftermarket 18" chromed aluminum wheels (with aftermarket tires)?

Proponent made the following notes:

- *Only the XL trim level offers vinyl seats, and this trim level includes 17" silver painted steel wheels.*

- *There is no factory option for chrome wheels AND vinyl seats.*
- *The only factory option for 18" wheels are black painted aluminum as part of the STX package, which upgrades the seats to cloth (proponent recognizes that cloth is not requested in the appendix)*
- *The XL off-road package, which you want, includes 33" off-road tires on 17" wheels (no option for 18")*

Answer: The off-road package with the 17" painted steel wheels, 33" off road tires is preferred, Proponents can provide alternative packages as a separate price.

Item No.4

Question: Under Wheels/Tires, do the 6x ship-loose winter tires need to be 3PMS rated? Do they need to be studdable?

Answer: They will need to be 3PMS rated but there is no requirement for studdable.

Item No.5

Question: Under Truck Box description cell in Appendix A, can you confirm the requirements for "strobe light" specification request?

Answer: In-box lighting to illuminate truck box at night.

Item No.6

Question: Are you requesting a hard folding or soft folding Tonneau Cover?

Answer: Hard folding is preferred.

Item No.7

Question: Is the Regional District requesting any of these additional factory "XL" options:

- Chrome front & rear bumper with chrome hub covers, fog lamps and 4x pickup box tie-downs
- LED box lighting
- Front and rear wheel well liners
- Block heater
- Retractable tailgate step
- Retractable bedside steps
- Retractable rear corner bed steps

Answer: Proponents should provide separate pricing for any additional factory XL options that are available we are interested in all of the items listed above.
