

# SUNSHINE COAST REGIONAL DISTRICT

## Question and Answers #1

Request for Proposal No. 2313601

Climate Adaptation: Coastal Flooding Project

**Date: November 14, 2023**

### Item No.1

**Question:** Can Regional District please confirm the area associated with the 'lower' Sunshine Coast as this will better allow for optimising of the proposal methodology

**Answer:** The lower Sunshine Coast is that which falls under the jurisdiction of the Regional District, ranging from Port Mellon to Egmont.

### Item No.2

**Question:** Would Regional District be amenable to refinement of the hydraulic model to allow for a coarser representation along areas of the coast with less vulnerable receptors and a higher resolution at key sites?

**Answer:** Yes.

### Item No.3

**Question:** Assuming that the question two is agreeable with Regional District, can Regional District please confirm if there any other focus points of concern than those specified within Section 3.2 of the proposal documentation

**Answer:** There are several other focus points of concern to the project. As stated in the RFP, those specified in Section 3.2 are example locations.

### Item No.4

**Question:** Would Regional District entertain the potential for a short extension to the proposal submission deadline? This is to ensure that all clarifications received by 24/11 can be considered in detail and then incorporated within the tender response.

**Answer:** Please see Amendment No.1
