## **SCHEDULE 2 – SCHEDULE OF QUANTITIES AND PRICES**

1. All prices unless expressly stated otherwise:
  - (a) will be deemed to be in Canadian dollars (and if any price is expressed in any other currency, then for the purposes of evaluation the Owner will convert such price to the Canadian dollar equivalent, calculated as of the Closing Time); and
  - (b) will be deemed to include all applicable duties and all costs of performing the work and all applicable taxes, except only GST.
2. The abbreviations in the Schedule of Quantities and Prices are defined as follows:

LS	lump sum
PS	provisional sum
m	linear metre
3. The Owner reserves the right to delete the requirement for bonds under the Contract. In such case, the Proposal Price will be reduced by the price for such bonds as entered in the Schedule of Quantities and Prices. If no price is entered for such bonds, then, pursuant to Section 7.3(b) of the RFP, and notwithstanding paragraph 4 of this Schedule 2, the Owner may request the Proponent to clarify the price for such bonds that was included in the Proposal Price.
4. Where the Proponent does not enter a price for a payment item in the Schedule of Quantities and Prices, then that payment item shall be deemed to have been included in the other prices the Proponent entered in the Schedule of Quantities and Prices and no separate payment will be owing for that payment item.
5. If there are any discrepancies in the Schedule of Quantities and Prices between the unit prices (if any) and the extended totals, then the unit prices will be deemed to be correct, and corresponding corrections will be made to the extended totals and the Proposal Price as may be required. If an extended total is given but the unit price has been omitted, then the corresponding unit price will be calculated from the extended total and the estimated quantity, and inserted. If there is a discrepancy between the aggregate of prices in the Schedule of Quantities and Prices and the Proposal Price, then the aggregate of prices will be deemed to be correct and the Proposal Price adjusted accordingly.
6. Terms of Payment are provided in GC.5 of Appendix A – General Conditions (Construction) and Appendix E – Schedule of Quantities and Prices, to the Contract Documents.
7. Proponents should not submit unbalanced Proposal prices.
