

SUNSHINE COAST REGIONAL DISTRICT

Question and Answers #3

Request for Proposal No. 2435204

Contact Water Pond Relocation at the Sechelt Landfill

Date: September 27, 2024

Item No.1

Question: 1. Will the contractor have to pay a tipping fee to move the potentially contaminated asbestos waste to its final location within the landfill? If so, could they confirm the price per tonne? SCRD website states \$1000.00 per tonne for gypsum or \$275 per tonne for asbestos/asbestos cement?

Answer: No, please see Q&A No.2 Item No.20 for additional clarity.

Item No.2

Question: When moving the asbestos contaminated waste on site, is there a required specification for filter cloth used as a liner between excavated material or underneath the heavy equipment to create a barrier between the contaminated items and the existing ground?

Answer: The Contractor will be required to transport the asbestos following all regulations and WorkSafe requirements, please see Q&A No.2 Item 5.
