

SUNSHINE COAST REGIONAL DISTRICT

Question and Answers #1

Request for Proposal No. 2437001

Engineering Services for Cove Cay Pump Station and Treatment System Upgrade

Date: August 1, 2024

Item No.1

Question: Are there any comprehensive water chemistry analysis for the water supply including items such as TOC, UVT, tannins/lignins.? It does not appear that there is any information on the historical water chemistry and this information would provide an indication of any additional water treatment requirements for consideration.

Answer: No, the Regional District currently does not test for and collect this data.
